 - c. Utility bills/records of continuous usage;
 - d. State and federal tax returns;

semester offered in Cochise County, Arizona by a university under the jurisdiction of the Arizona Board of Regents. This program is designed to reduce excess capacity; therefore, the presidents of the universities shall assure that classifying the student as a resident in their respective programs does not result in denying course offerings to Arizona residents or result in additional expenditures being required for course offerings

17. The student is a doctoral graduate student who is a candidate for a degree, having completed all requirements for the degree except the dissertation, and who qualified as a resident student immediately prior to being eligible to begin the dissertation.
 18. The student is a graduate assistant or graduate associate at a university under the jurisdiction of the Arizona Board of Regents whose assigned teaching or research responsibilities meet the guidelines established by the university for designation as a resident student.

1. Meets the requirements for classification as a resident for tuition purposes as set forth above; or
 2. Qualifies as a resident refugee student by virtue of having been granted refugee status in accordance with all applicable laws of the United States and having established domicile in Arizona as set forth in section B.2 above; provided that in establishing domicile, the student must not hold a visa that prohibits establishing domicile

in Arizona.

- E. Subject to ABOR Policy 4-102 (nonresident tuition), a fulltime student admitted and enrolled at a university who obtains resident status by virtue of ABOR Policy 4-203 does not lose resident status while in continuous attendance toward the degree for which currently enrolled.
- F. The domicile of an unemancipated person is that of either parent. Subject to ABOR Policy 4-102 (nonresident tuition), any unemancipated person who is a student admitted and enrolled at a university and who remains in this state when the person's parent, who had been domiciled in this state, removes from this state does not lose resident status while in continuous attendance toward the degree for which currently enrolled.
- G. All students have to provide evidence to demonstrate in-state residency for tuition purposes. When the universities consider evidence for residency classification, they begin with four presumptions:
 - 1. A non-resident student's presence in Arizona is primarily for the purpose of education and not to establish domicile;
 - 2. An individual cannot establish residency or domicile while in Arizona primarily for the purposes of education;
 - 3. An individual cannot establish residency for tuition purposes while attending an educational institution in Arizona as a full-time student;
 - 4. Decisions of an individual as to the establishment of residency and domicile are generally made after the completion of an education, and not before.
- H. Evidence being reviewed to determine a student's residency status, whether by a classification officer or a hearing review committee, when the

student requests review of a residency classification, will be evaluated as described below:

1. All information provided by the student shall be subject to the classification officer's or hearing review committee's decision as to the weight to be given to it, and such officer or committee shall be the sole judge of the authenticity or truthfulness of any material or statements submitted as supportive evidence. The classification officer may require original or certified copies of documentation.
2. If the student is absent from Arizona for more than 30 total days during the 12 months immediately preceding the last day of registration, this creates a rebuttable presumption that the student is not domiciled in or a resident of Arizona. A student may rebut this presumption with objective evidence that they retained their Arizona domicile and residence despite their absence(s).
3. Evidence offered to establish Arizona residency and domicile must reflect that the student intended to establish residency and domicile in Arizona throughout the required 12-month period of continuous physical presence. Acts or events occurring less than 12 months before the last day of registration for the term which the student is seeking classification as an in-state resident for tuition purposes may be considered evidence that residency or domicile has not been established.
4. A statement of intent by the student should be weighed in light of the fact that the student knows that the student will realize a substantial reduction in tuition by being classified as a resident for tuition purposes.
5. The domicile of an unemancipated person is that of the person's parent.

6. If a minor applies for classification as a resident and alleges that the minor is emancipated, in addition to the requirements above, that minor must also establish via objective evidence that:
 - a. The minor is not living with a parent; and
 - b. There has been a complete severance of the parental relationship to all legal rights and liabilities, including but not limited to care, custody, control, and service.
 7. Once established, residency for tuition purposes is not lost due only to the student's receipt of funds from a source outside Arizona.
 8. The classification of a matriculated student is transferable from one university to another.
- I. Any student found to have made a false or misleading statement concerning domicile or tuition status shall be subject to dismissal from the university and be held responsible for the payment of any tuition amounts that would have been charged but for the false or misleading statement.
