5-108 Sale and Consumption of Alcoholic Beverages on Campus

A. Policy

A university operating under the jurisdiction of the Arizona Board of Regents may authorize the sale, service or consumption of alcoholic beverages on the campus of the university, in accordance with this policy and subject to applicable law, including Arizona Revised Statutes, Title 4 (Alcoholic Beverages.).

The sale, service or consumption of alcohol in violation of this Policy or any applicable state or local law, rule or regulation, is prohibited:

B. Authorization

The authority to approve the sale, service or consumption of alcohol on university property is delegated to the President of the institution, and the President shall have the right and discretion to prohibit, or place restrictions and conditions upon such activities as deemed appropriate and in the best interest of the institution. The President may adopt rules and/or approval procedures governing the use of alcohol on campus consistent with this policy. Such rules and procedures may limit or restrict the areas where alcohol use will be permitted. With respect to any administrative action taken regarding the use or the approval of the use of alcohol on campus, the decision of the President shall be final.

C. Lessees, Licensees and Guests

Consistent with this Policy, the President is authorized to permit the lawful sale, service or consumption of alcohol on university property by lessees, licensees, and guests. Where the sale of alcohol is proposed, there must be a written agreement with the authorized individual, corporation, organization or other entity containing specific parameters of such use and, depending on the size of the event, adequate and appropriate provisions regarding licensing, indemnification, insurance and/or surety requirements to protect the university, the board, and the state. All other limitations, restrictions, and requirements shall be at the discretion of the President.
