

SPECIAL NOTICE TO PSEP APPLICANTS PLANNING TO ENROLL IN A PUBLIC PROGRAM FOR TRAINING TO COMMENCE IN FALL 2013

Effective Fall 2013, if you are enrolled in a public professional healthcare program through WICHE's Professional Student Exchange Program (PSEP), you may be charged more than resident tuition if the WICHE support fee does not cover your program's resident/nonresident tuition differential during any academic year. Therefore, effective Fall 2013, all WICHE participating public programs may charge WICHE students the difference between their out-of-state tuition rate and the WICHE support fee.
